When You Need Cabinets, You Need Rugby!

Count on Rugby to deliver precisely engineered cabinets with your choice of traditional or contemporary door styles along with an extensive assortment of Rev-A-Shelf accessories. All our products are engineered from high quality materials and backed by comprehensive product warranties.

- Over 1000 different cabinet accessory options
- Both contemporary and traditional door styles
- Comprehensive Rev-A-Shelf hardware program

You provide the space, and we'll provide all the cabinet and accessory solutions you need to get the job done right.

**NATIONWIDE,
FAMILY-OWNED
MADE IN THE USA**

There's solid wood durability built into every KK cabinet. From the hardwood doors and stiles to the solid wood elements, each cabinet is built to last.

Note these quality features:

- All frames are built of solid 3/4" hardwoods. Each rail is kiln-dried, joined by mortise and tenon, and then glued for added strength
- Solid wood toe kicks, 3/4" thick
- Solid wood hanging strips on wall and base cabinets, located at the top and bottom
- End panels consist of 3-ply construction, 1/2" thick engineered wood core with hardwood veneers

All painted and stained cabinets are protected with a durable topcoat. The result is a surface that is virtually "family-proof," resisting many household chemicals, water, alcoholic beverages, mild acids, and even nail polish.

The result is more than just a kitchen you can cook in— it's a kitchen you can live in at a price you can live with.

Aristokraft®

'Aristokraft Cabinetry has the style, selection and value you need to bring your vision to life. Whether you're updating an existing room or creating a brand new space, we'll deliver quality, affordable kitchen and bathroom cabinets that will stand the test of time. Aristokraft is a division of MasterBrand Cabinets, Inc., an industry leader that comprises a breadth of quality cabinet brands.

Since 1926, the MasterBrand family has earned its reputation as one of America's top cabinetmakers, and Aristokraft has helped MasterBrand achieve this. Stylish. Durable. Well-priced. These are the defining qualities of Aristokraft and all of MasterBrand's cabinet lines.'

Brochure

You put a lot of thought into your kitchen, so we put a lot of care in to making it. We've been doing it that way for five decades. It's one of the many reasons why KraftMaid is the number one name in cabinetry.

Assembled By Hand:

There are no pre-assembled or pre-finished cabinets. Experienced cabinetmakers assemble your order to your final design using woodworking techniques you'd find on fine furniture.

Trained Artisans:

Not just anyone can make a KraftMaid cabinet. Artisans train for months in order to create perfectly imperfect distressed finishes that meet our standards.

Master Finishers:

How particular are KraftMaid associates? Many of our finishers customize their glazing and highlight brushes by trimming the bristles to play up the application techniques they have developed over the years.

One at a Time:

Every cabinet in your order is built at the same time to ensure consistency and completeness. We call it the "One Kitchen at a Time" approach. KAAT for short.

Echelon™

CABINETRY

Echelon Cabinetry, a brand of ACPi, was developed for home builders, dealers and remodelers. Echelon offers a wide range of cabinetry options grouped into collections making it easier for to choose a cabinetry style, finish and construction within a certain budget. Echelon also offers a variety of door styles, construction options, finishes and upgrades to customize any project.

The wood used in Echelon Cabinetry showcases the natural beauty that comes from the inherent characteristics of wood. Trees are affected by the climate, the soil they inhabit, and the elements of their environment. All of these factors combine to create the natural characteristics found in real wood.

Since 1926, the MasterBrand family has earned its reputation as one of America's top cabinetmakers, and Aristokraft has helped MasterBrand achieve this. Stylish. Durable. Well-priced. These are the defining qualities of Aristokraft and all of MasterBrand's cabinet lines.'

- Grain pattern variation (open and wide graining contrasting with tightly closed graining)
- Grain color variation (from even and consistent color to varied and quite dramatic)
- Unique markings (such as dark mineral streaks or light-colored sap wood)
