LET RUGBY ARCHITECTURAL BUILDING PRODUCTS BE AN EXTENSION OF YOUR BUSINESS!

IT’S AS EASY AS 1, 2, 3

PICK YOUR PANELS

LAID UP PANELS:

PIOMTE or any laminate brand, finish, and grade available.

Or, if you prefer wood veneers of any species, any brand and engineered veneers, too. Simply indicate the face and back required for your balanced panel.

We will produce to your specification the thickness and size. Choose which substrate, ie MDF, MDF ultra light, plywood, marine grade plywood, multi-core, particle board, etc. and we will do the rest. Promptly and accurately!

CHOOSE YOUR CUT

CUT TO SIZE PROGRAM:

Simply provide the final specifications (including edgebanding if required), the direction, horizontal/vertical grain where applicable and WE WILL DO THE REST.

Add production capacity without additional overhead to you!

HAVE IT DELIVERED

EFFICIENT DELIVERY:

Your final components will be delivered conveniently marked, sorted and shrink wrapped for your easy final assembly and installation.

LET US QUOTE YOUR NEXT JOB AND SEE HOW TO ENHANCE YOUR PRODUCT WITH OUT ADDING OVERHEAD

CALL US AT 855-650-3265

LET RUGBY ARCHITECTURAL BUILDING PRODUCTS ASSIST YOU IN ALL PHASES OF PRODUCTION

Leave all the panel lay-up, cut to size, edgebanding, drilling and line boring to us.

GREAT TIME AND MONEY SAVER!

CALL US AT 855-650-3265

Founded in 1957, Columbia Forest Products is North America’s largest manufacturer of hardwood plywood and hardwood veneer products. Columbia’s decorative interior veneers and panels are used in high-end cabinetry, fine furniture, architectural millwork and commercial fixtures.

• Species: Various
• Face grades: A,B,C,D,E

COLUMBIA FOREST PRODUCTS
VeenTech
Veneer Technologies Incorporated

Premium Hardwood
Sheet Veneer & Edgebanding

Veneer Technologies, Inc. manufactures high end decorative hardwood veneer faces. They carry most domestic species and have access to many exotic species from around the world. They currently operate ten continuous cross feed splicers, producing approximately 6.5 million finished square feet of face veneer per month.

**SHEET VENEER**
Manufactured with a select grade face veneer crosslinked to a variety of backers. Backers include 10 mil, 20 mil, 2-ply with cross-grain back, 3M peel-n-stick, polyback, true phenolic. Sizes are 4’ x 8’, 4’ x 10’, 4’ x 12’. Custom sizes available.

**WOOD EDGEBANDING**
- Standard wood edgebanding
- 500’ rolls, fleece and sanded
- 250’ rolls, preglued EVA hotmelt
- 3M peel-n-stick
- UV prefinished, preglued or fleece backed
- Widths ½” to 2”
- Custom widths and lengths available

**THICK WOOD EDGE ROLLS**
- 328’ rolls. Thickness 1mm, 1.5mm, 2mm, and 3mm

Panolam® TFL combines premium quality construction with some of the most realistic woodgrains, unique abstracts, and vibrant colors which make their TFL panels the first choice for furniture, fixtures, and other decorative products.

Panolam® TFL panels are widely used in office furniture, closet system components, store fixtures and cabinets. It is an appropriate specification for healthcare, hospitality, commercial, retail settings and more.

Panolam Surface Systems is the leader in surface solutions offering the flexibility of having the same pattern on multiple surfaces (HPL, TFL and matching edgebanding) for more than 20 years. This brings together a full surface solution that works together to achieve that perfect look in every room, all while delivering unparalleled durability and saving you money.

Choices: 400 patterns in woodgrains, abstracts and solids and 12 finishes.

For more than 40 years, ARAUCO has been driven forward by its vision of being a global leader in the development of sustainable forest products. All ARAUCO-branded products sold in North America originate in sustainably managed plantation forests in Chile, Brazil, Argentina and Uruguay. No native forest wood or genetically modified trees are used to produce any ARAUCO product.

- High-quality Trupan MDF is a CARB-certified, lighter-weight panel that offers the perfect blend of physical-mechanical characteristics. Ideal for furniture making and interior design applications.

- These panels meet or exceed the requirements for ANSI MR50 or ANSI MR10, making them ideal for high moisture areas. Trupan Vesta NAF is produced using no added formaldehyde resin.

- Optimized for painting and laminating
- A homogeneous fine fiber core
- Smooth machined fine profiles and edges
- Exacting tolerance standards
- Light consistent color
- Available in a thickness range of 0.063” to 1.625” (1.6mm to 41.3mm)

BHK of America knows that selecting a drawer manufacturer is a major decision. You want to make sure you get the quality your project demands, the price that affords you a profit and the service you deserve. BHK of America has manufactured quality drawer systems for more than 30 years and has built its success on service, value and superior craftsmanship.

To maximize the functionality of your drawer space BHK offers multiple storage and convenience options. In order to build the highest quality wood drawers, you have to start with the finest quality materials. For that, BHK selects from the most beautiful domestic species including Maple, Tilia, Cherry and Red Oak.

- Tilia bottom thickness -1/4", Bottom Thickness for Maple, Cherry & Red Oak is 3/8"
- Custom Heights Ranging from 1½“to 15”
- English Dovetail Construction
- 3/8” Bottoms made from VC Plywood
- Durable Clear Satin Finish is Standard (Unfinished or staining available upon request)
- Standard Eased Top Edge (Straight top edge available upon request)
- Front Drilling
- White Vinyl Wrapped
- Baltic Birch
**StyleLite**

The Ultimate High Gloss and Matte Panel System

- Manufactured using state-of-the-art equipment and the finest materials, StyleLite possesses an optical grade surface of the highest quality compared to all other traditional categories of high gloss panels
- StyleLite’s deep, mirror-like gloss surface contains none of the obvious orange peeling, imperfections or telegraphing inherent in inferior high gloss panel types such as melamines, laminates, thermofilts (vinyl wraps) and most painted panels
- StyleLite is generally repairable if lightly or moderately scratched saving time, money and inconvenience

**Baltic Birch**

Hardwood Plywood

**Excellent Raw Material Resource**

Baltic Birch is offered from both non certified and FSC® certified forests. Russia contains more than a fifth of the world’s forests, making for an abundant supply of raw material.

**100% Hardwood Fiber**

Made from 100% Birch hardwood veneers and nearly void free components, this material offers exceptional hardness and specific gravity, making Baltic Birch plywood amongst the strongest and most dimensionally stable panels available.

**Multi-ply Construction**

The construction of BALTIC BIRCH plywood has 30% more plys than conventional domestic plywood. The combined results of the Birch hardwood fiber and the multi-ply construction make for a panel that is specially designed to endure heavy loads or high impact. Baltic Birch is also available in unidirectional construction from 9mm-30mm thick.

- Direct importer – more choices and better quality control
- Production quality supervised by Hardwoods employees in Russia
- 3.0mm through 25.0mm
- 5’ x 5’, 4’ x 8’, 10’ x 4’ and 8’ x 4’ cross grain
- Grades: B/BB, BB/BB, BB/CP
- NAUF, CARB 2, exterior and clear finished
- Custom sizes and grades available
- Laminating blanks
- FSC® options available

**Available Colors**
